GIRLS ENTERTAINED "TIGERS."

or the university to-night entertained the "Tigers" in the ladies' parlor in Academic Hall. In the receiving line were all the members of the football teams. Doctor Jones, President Jesse, Mrs. Jesse, Doctor and Mrs. Hetherington and Miss Ida Mann. The parlors were beautifully decorated in the 'varsity colors of black and old gold. Chrysanthemums were festooned around the room. A stuffed tiger was the main feature of the decoration, with old footabli suits, balls and other gridiron paraphermalia. Punch was served to the guests. The girls sang two football and college songs which were written for the occasion, and were received by the team with rounds of applause. Short speeches were made by Doctor Jesse, Doctor Hetherington, Coach O'Dea, Manager Davis, Walter Williams, and the newly elected captain, Charles Washer.

The recention by the girls to the football team is an annual custom and is the occasion of much football enthusiasm. The talks were hopeful of a more successful season next year, and particularly that they defeat Kansas.

ANALYSIS OF WOMAN'S BODY

Lodge in Which Mrs. Smith Was Insured Will Attempt to Clear Up Mystery Surrounding Death.

The investigation by Coroner Funkhouse nto the death of Mrs. Kate Smith of No. 1627 Biddle street, which involves the deaths of five other members of the same family, all of whom were insured for small amounts, is being continued. A transcript of the evidence taken before the Coroner Wednesday is being drawn up, and Deputy Coroner Boogher said yesterday that I would be submitted to the Grand Jury. At the instance of the order of the Knights and Ladies of Honor, in which Mrs. Smith was insured for \$2000. Doctor

Gradwohl was called upon to make a chemical analysis of the stomach of the dead woman. He has not yet reported.
All the deaths occurred at No. 1627 Bid-Oil Company to Extend Plant on Fourteenth Street.

To add greatly to its plant, the Waters Pierce Oil Company yesterday purchased through Frank S. Parker the lot 1048129 feet on the southeast corner of Fourteenth and Gratiot streets, where it joins the property already acquired by that company. This gives the oil operators two blocks, from Twelfith to Fourteenth, between Gratiot and Austin streets, with the exception of a lot at the southeast corner of Fourteenth and Austin streets, occupied by the General Chemical Company. The consideration named in the deed drawn yesterday is \$50,900, or about \$500 at front foot on the Fourteenth street side. This is said to be the highest price ever obtained for Mill Creek Valley property at a point where direct connections with the rallroads do not exist. The lot was owned by Arthur H. Gale and Mrs. Barstow.

IN SEARCH FOR POISONS. SUMMARY OF ST. LOUIS MARKETS.

bulls in working a slight advance in the price of futures in yesterday's market. At the opening there was excellent professional buying based on light receipts and strong cables. Reports of prospective heavy export shipments from this market acted as an offset to a decline in Chicago at the end of the first hour. Toward the close of the session heavy primary receipts and a general disposition to sell in other markets caused

a sharp recession, which wiped out a portion of the early gains.

So far as could be judged from the range of prices little effort was made to boister corn. As an offset to the bear influence of the drop in temperature came reports of excessive moisture in several sections of the belt. The net result of the session was an unchanged market for Dec. and a slight gain for May,

Dec. wheat opened unchanged and closed to up. May opened talk on up and closed Saute up.

steady between 5 and 6 per cent. Spot cotton was quiet and unchanged in the local market.

Wool terday's market. The same conditions were construed as bullish on wheat and bearish on corn. The drop in temperature in the wheat belt started the shorts to cover early in the session. Receipts were light and foreign prices were generally higher. After the first hour there was brisk selling in Chicago, but later good huying by local longs caused another advance, which carried the prices up '\$c. Toward the close proint-taking by small speculators wiped out a portion of the early gain.
